Harvesting Of Kenaf Crop With New Machinery Marks Start Of The Fibre Industry

Increased Interest In New Machine Originated At Experiment Station

The "pay-off" seems to be near in a new fiber industry for the much lands of the Lake Okechobee region, when the American Kenaf Fiber Corporation begins harvest of its 720 acre crop of Kenaf on Monday of next week.

Satisfactory mechanical de-cortication of the crop has already been proven at the Newberry Experiment Station of Canal Plant when Jack Dempsey, Manager, de-corticated kenaf flower over from Cuba last year, with the finished fiber being spun and woven into bags.

The Everglades Experiment Station has experimented with kenaf for several years and has satisfied itself that it grows well here.

Mills Byrum and H. Whittemore, USDA engineers at the Everglades Experiment Station originated the process designed and built an original machine for rebonding kenaf and ramie fibers.

125 Donors Give Blood To Forces By Thurs. Night

Approximately 70 donors had offered to give blood for the armed forces by 11 a. m. Thursday at the Belle Glade Memorial Hospital, according to Dr. Emmett Roberts, Glades chairman.

Of those who offered only 20 were selected to give donations by the trained medical staff. Approximately 175 persons made appointments to give blood, Roberts said. The mobile unit from Miami was unable to handle the people as fast as they came, and long lines waited all morning to participate in the program.

The program at the hospital continued until after 4 in the afternoon when the blood was prepared for shipping. The donations were in West Palm Beach by 6:30 after which they were sent promptly on to Miami.

From Miami, the blood was forwarded to the Sharpe and Dahme Laboratories in New Brunswick, New Jersey, where they were processed Thursday night, Roberts said.

Many of the first time donors expressed surprise at the lack of pain and after effects following the blood extraction.

"I wish to express my thanks for the response to this call by area persons," Roberts stated.

AREA GETS BREAK WITH SECOND RAINS

The area got the best break in the section in the second rains, H. L. Speer, assistant county, said this week.

"Our biggest problem now is high canals but this condition should be cleared up in a few days if we don't have more rain," he said.

Little if any damage was caused to the second plantings by the rains. Growers should be starting operations late when a hurricane threatened.

They have started planting fast now to get harvest in before the first frosts.

Shootin' Blanks

By Pauliste

The Glades are really full of mystery and intrigue producing such recent thrills as the loss and recovery of Pete, the Parakeet, and the conundrum of the origin of a lone popper talk.

The V. A. Booth family have been conducting the last quest.

When their home on Wedgewood Road was built in the middle of a field, about two feet of rock fill was placed for the drive way and around the garage.

This summer a lone corn stalk braved the layers of rock.

SOIL SCIENCE SOCIETY TO HOLD MEET OCT. 29

The Soil Science Society of Florida will hold its annual meeting in conjunction with the Florida Horticultural Society October 29-30 in the George Washington Hotel, West Palm Beach, according to Dr. R. V. Allison, secretary and director of the Everglades Experiment Station here.

Local participants on the two-day program will be Dr. W. T. Forster, Jr., speaking on "The Lime Requirements of Vegetable Crops on Mineral Soils," Luther Jones and Dr. Allison on a soil and water conservation panel; Charles C. Seale, Dr. E. O. Gangsted, Dr. James Tate and Frank Joyce on a fiber production panel and Mills H. Byrum, John W. Randolph, Hyram D. Williams and Dr. Allison on a panel on chemical and mechanical engineering phases of fiber production.

A special tour through the kenaf and ramie production areas and review of the research program and facilities at the Everglades Experiment Station is scheduled October 31 in connection with the annual meeting.

Coach Changes Line Up This Week

Coach Don Leavitt was busy this week making a lot of changes in positions on the Rams team.

Major shifts will be Bob Barber from guard to center position and the grooming of both first year men, offensive guards, Leavitt also announced that there will be some changes made in the backfield.

In practices this week the Rams stressed defensive tactics to stop Sturtin in the game scheduled at 8:15 tonight in Memorial Field. Dale Norman will be out of the play again this week due to injuries he received in a game several weeks ago.

The host Ft. Pierce Eagles rolled over the Rams last Friday night with a 41-0 victory after scoring in every period.

In seven plays from their own 33-yard line, the Eagles scored their first touchdown when Halfback Bob Neill took a pitchout around left end for the score. Left Half Charlie King completed the drive.

Capitalizing on a Ram fumble late in the first quarter, the Eagles took over on the Ram 10-yard line.

Ken Leavitt, Ft. Pierce senior, King through left guard for its second TD. He brought the Rams back to the field.

News of Glades Boys And Girls In The Service

Two brothers, Sgt. Jack Bass and Pfc. Kenneth Bass, sons of Mr. and Mrs. J. A. Bass, enlisted together here on July 12, 1951, and recently visited their parents here on a leave which they had at the same time.

After completing basic training at Lackland Air Force Base, Kenneth was stationed at several different bases including Randolph Field, Texas.

Ken remained at Lackland Field as a crew trainer after completing his basic training.

When Kenneth received a letter from his mother, he was to pick up Joe, who was granted a ten-day leave, so they could go home together.

Joe Bass is a professional draftsman.

Prospects Good For School Steel Allocation Grant

Local Requests Is Placed On Emergency Category

Due to the classification of the local elementary school building in an emergency category, the request for a steel allocation for the new high school building here will probably be granted within the next ten days or two weeks, Howell Watkins, County Superintendent of Public Instruction, said this week.

The Federal Security Administration moved the steel request up for more immediate consideration when it was reported that the elementary school is a dangerous building.

Bids for the construction of the new high school plant are being advertised, Watkins said, and they will probably be opened about Nov. 6. There will be a long term contract for an actual building activity that start shortly after this.

Plans for the modern three-wing high school building, drawn by Architect Edgar S. Wortman, Lake Worth, were approved by the county and state boards of education last spring.

Since July 16 the county school board has been negotiating for a government allocation for the material needed in the construction of the school.

Recently City Inspector N. B. Willis, on a regular inspection tour, found the local elementary school building unfit for continued use and sent data and pictures showing the building's defective condition to the county school board. This information was forwarded to the Federal Security Administration and is now in its files.

The County School Board will keep the elementary plant in usable condition until such time as it can be moved into the old high school building when the new high school is completed, Watkins said.

HENRY EARWOOD TO RUN FOR SCHOOL TRUSTEE

Henry O. Earwood has announced his candidacy for school trustee in a county wide election scheduled November 6.

The county school board is at a meeting Tuesday approved the ballot bearing the names of Earwood, Roy Michael, Lake Worth, and James Nemecek, West Palm Beach.

A rally and parade including the colored band and floats Thursday afternoon will lead to the game at night.

Game proceeds are divided between the Lions Club, which has a used for organizing charities, and Everglades Vocational High.

GLADES FARM BUREAU TO HOLD ANNUAL MEET

The Glades Farm Bureau scheduled its annual meeting and supper meeting and supper at 7:30 Thursday night in the Glades Community Center, Canal Point, according to William Thielack, secretary.

ALVIN LEATHERS CITED FOR RUMOR PLAY IN BABY, GATORS TILT

Alvin Leathers, former Ram player and University of Florida Gator freshman, was cited for his running performance when the Baby Gators tilted the Clemson Cub by a 27-0 score recently in a tilt at Florida Field.

Leathers accounted for two of the Gators four touchdowns. For one he plunged from the Clemson three for the score with only 59 seconds remaining in the quarter. Carrying the ball for the other score, Leathers caught a pitchout and outran the Clemson left end to cross the double stripe.

MRS. FONTAINE ATTENDS COUNSELING MEETING

Mrs. Imogene Fontaine, Counselor for the Florida State Employment Service, attended a course in counseling last week in Miami. The course was given by Mr. D. P. Leitch, Chief of Special Services of the Florida Industrial Commission.

While in Miami Mrs. Fontaine attended a meeting of the National Guidance Association where Miss Isabel Jeffery, personnel manager of Burdine's spoke on "Can a Younger People Go to School in Preparing Young People For Jobs?"

Mrs. Fontaine was made a member of the N. C. A. A. professional organization.

AREA GROWERS ELECTED DIRECTORS IN FFVA

Several local growers were elected directors in the Florida Fruit and Vegetable Association at the organization's annual convention held recently at the Sherry Pines Hotel in Miami.

Newly elected directors for the 1951-52 season included Roy Vanderrit, Jr., alternate for beans; A. Duda, Jr., Ovidio, for cabbage; Fritz Stein, Glades, alternate; Mrs. Ruth Wedge, worth Timmons, Belle Glade, for celery and Lewis Finner, Pahokee, alternate for potatoes.

J. H. Chambliss is the hold over district director of the Lake Okechobee area.

EMPLOY PHYSICALLY HANDICAPPED WEEK BRINGS RESULTS HERE

One physically handicapped person of the area was placed in a part time clerical position with a local concern during Employ the Physically Handicapped Week observed here recently, according to A. B. Larrimore, head of the State Employment Office.

There are seven handicapped persons in the area from La Belle to Canal Point listed in the office files, said, including one from Belle Glade.

Bean Bowl Classic Set Thursday Nite

Two of the state's strongest Negro football teams, Everglades Vocational High Boys and Carver Sr. High Girls Waves of Miami, will match strength and tactics in the annual Bean Bowl Classic Thursday night at Memorial Field.

The Lions Club annually sponsors the event on the grounds of the local colored school. Each year one of the state's most outstanding Negro team is invited to play against the local team in the tilt.

"Those who saw Carver in action here two years ago will agree that it is one of the best coached teams in the state," said Jim Wierengo, general chairman of the event. "We hope everyone will cooperate with us in making this game a success."

Nathaniel Powell, formerly an All-American end for Florida A. and M. College, is the Quarterback and J. W. Perry, who has previously steered four all state teams, is assisted by Coach Harold Behols in coaching the Bobcats.

A rally and parade including the colored band and floats Thursday afternoon will lead to the game at night.

Game proceeds are divided between the Lions Club, which has a used for organizing charities, and Everglades Vocational High.

The Bean Bowl Classic will be the only football game played here next week since the Rams are scheduled to play Miami Beach on the field there.

NEW PRECOOLING PLANT BLDG. NEARS COMPLETION

The building of the Pioneer Growers Cooperative new pre-cooling plant, which has been under construction this summer, is now about 70 per cent completed, a co-op spokesman said this week.

Installation of pre-cooling machinery and equipment will begin next week. The new plant should be ready for use for the winter vegetable trade, he stated.

The pre-cooling plant will be one of the largest in the South.

DR. FOX, EVANGELIST SPEAKS TO BAPTISTS

Dr. Arthur - Fox, pastor of the First Baptist Church, will speak to the Baptist services in the morning and evening through October 28 at the First Baptist Church, according to Rev. Wade H. Griffin, pastor.

His revival sermons are by John of West Palm Beach, every day, Rev. Griffin said.

PTA Schedules Annual Halloween School Carnival

All the color and excitement of the great fair including games of skill, a fortune teller, candied apples and laughing crowds will be combined in the annual school Halloween Carnival starting at 6 p. m. Saturday night, October 31, at Memorial Field, according to PTA sponsors.

Activities will begin with a parade of preschool through high school children in costumes. The parade will form at the west gate, and Mrs. E. M. Van Landingham, Mrs. Patten Berrill, Mrs. Marie Schoenfeld, Mrs. Ruby Schoenfeld and Mrs. Jack Hollingsworth will be in charge of placing participants in their proper groups.

Judges will award prizes to those wearing the best costumes in each entry group, according to Mrs. Sid Smith, Jr., publicity chairman.

The symphony team will be opened promptly at 6 to give a regular supper to the early comers.

A new feature of the fairway will enable the public to take a shot at causing some well known citizen to take a swim. The contest, which will be operated by the Lions Club will offer the public chances at hitting a tin pan if the mark is hit, a local citizen will drop into the water below.

Other concessions will be ice cream wagon, Beta Sigma Phi; movies; rotary hot dog and cake stand, glue club; cubs, Legion; auction; Elks; auto show, cake booth, candied apples, fish pond, ring-a-penny, balloons, pony rides, fortunes, gingerbread, candied apples and sand.

Music will be furnished by the High School Band under the direction of Alan H. Drake.

Mrs. William Graber, carnival chairman announces the Pioneer Growers Cooperative new pre-cooling plant, which has been under construction this summer, is now about 70 per cent completed, a co-op spokesman said this week.

Installation of pre-cooling machinery and equipment will begin next week. The new plant should be ready for use for the winter vegetable trade, he stated.

The pre-cooling plant will be one of the largest in the South.

DR. ALLISON, EMIL WOLF TO SPEAK ON EX. STATION PROGRAM SAT.

Dr. R. V. Allison, director of the Everglades Experiment Station, and Emil Wolf, assistant horticulturist, will outline programs of the annual Soil Science Society meeting and the Florida Horticultural Society meeting over the experiment station's weekly broadcast at 11:15 Saturday on WSWN.

The meetings are scheduled October 29-30 at the George Washington Hotel, West Palm Beach.

Dr. Allison will speak on the Soil Science Society program on "Lionel and that of the Horticultural Society."

DISTRICT GOVERNOR SPEAKS TO LIONS HERE

Milo Bennett, Lions district governor of 355, spoke briefly on Lions on Wednesday, according to Mrs. George C. Young, secretary.

The general program of revivals, painting and revisions, authorized by chamber directors recently, should be completed some time next week, she said.

GRABER FARMS BOWLERS HAVE THREE GAME WIN

Graber Farms bowlers' bowling team, the West Palm Beach bowling league, won three games and picked up four points over Lee's Glass Mirror place first in a tie with Webers Electric in a play Wednesday night in West Palm Beach.

Mrs. Terry Roman had high game of the night with 154 points, and Mrs. Bill Graber and Mrs. P. Snyder placed second with 147 points.

250 ATTEND ANNUAL FIREMEN'S BALL HERE

Approximately 250 persons attended the Firemen's Ball Saturday night at the Municipal Country Club which emphasized the fire preventive theme and terminated a week long program of activities sponsored by the local department.

Hall decorations carried out department colors of red and white with crepe paper streamers on the rafters, red lighting and a mock fire in the fireplace. Red shaded lights on the mantel illuminated the "Welcome Firemen's Ball" sign, and palm fronds and potted plants were arranged on the two porches and in the main hall.

The firemen's wives were in charge of the decorations, and Mrs. Ivan Van Horn donated the potted plants, according to Fire Chief Lawrence Will.

Special key chains with fireman hat design were given to the guests at the door. Don Aspey won the door prize of a miniature fire truck.

Mrs. fire department is very grateful to those who so generously assisted with the dance and other events of the Fire Prevention Week and is appreciative of the interest shown by the general public," Chief Will said this week.

FOUR LOCAL GRADUATES ATTEND FLA. SOUTHERN

Four graduates of Belle Glade High School have enrolled as freshmen at Florida Southern College in Lakeland.

They are George Clark Womack, 20, S. W. Ave. B. John Annis Robinson, son of Mr. and Mrs. J. A. Robinson; Kenneth Earl Galt, Jr., son of Mr. and Mrs. K. E. Lutz, 20, N. Avenue C, and Khalek Somers Vandewater, daughter of Rev. and Mrs. Leonard F. Vandewater, 7 Carrera Street, St. Augustine, Florida.

Mrs. Womack will major in English. Womack will major in Music and minor in Mathematics. Robinson will major in Business Administration and minor in Music. Lutz will major in Physics and minor in Music.

The mystery of Pete, the parakeet, was cleared this week when he is now back in the home of his owner, Mrs. Frank Morris.

Machievous Pete got ideas of roaming several weeks ago and flew out of the door of his home, located about a block from the Bridge Cafe. A local aid discovery was the key to his recovery.

The colored cook at the Bridge Cafe after taking out the trash one day last week started to flee from the devil when he heard the squawking words in his ears, "Pete is a bad bird, Pete is a bad bird."

Only after a glance at his shoulder and the brightly colored parakeet perched there was he assured that the supernatural wasn't pursuing him.

WORKMEN BEGIN REPAIRS ON C OF C BUILDING

Carpenters began work on repairing the chamber of commerce building Wednesday, according to Mrs. George C. Young, secretary.

The general program of revivals, painting and revisions, authorized by chamber directors recently, should be completed some time next week, she said.

Graber Farms bowlers' bowling team, the West Palm Beach bowling league, won three games and picked up four points over Lee's Glass Mirror place first in a tie with Webers Electric in a play Wednesday night in West Palm Beach.

Mrs. Terry Roman had high game of the night with 154 points, and Mrs. Bill Graber and Mrs. P. Snyder placed second with 147 points.

Scientific Research, Key To Fiber Industry Future In State, W. M. Fifield Says

Head Of State Experiment Stations Visits Local Branch

Senator Spessard Holland will interview Senator Brian McMahon of Connecticut, chairman of the Joint Committee on Atomic Energy, on the Florida Senate's nineteenth bi-weekly broadcast scheduled at 5:30 p. m. Sunday over local radio station WSWN.

Senator McMahon is considered one of the nation's leading authorities on atomic energy because of his intimate work in the development of the congressional program.

"The success or failure of the Florida fiber industry hinges on scientific studies and investigations," said William M. Fifield, director of the University of Florida experiment stations, on an official visit to the Everglades Experiment Station here Wednesday and Thursday.

Citing the importance of laboratory work and field experiments in the progress and development of the fiber industry, Fifield stated that these have been partly responsible for many improvements in evolving suitable equipment and machinery and know how in fiber production.

"The importance of the American Fiber and Kenaf Corporation's kenaf crop at Hillsboro plantation, Fifield stated, was furthered by favorable growing conditions this season.

"The success of the crop research at the station and also the advances accomplished in vegetable and cattle investigations at the station here are a source of satisfaction to me," Fifield said. "The station staff has kept a good balance continuing to place emphasis on the many different phases of work."

Without the cooperation of United States Department of Agriculture workers at the station activity in fiber and other fields could not have advanced so rapidly and so far, according to Fifield.

The city commission on the advice of City Attorney Ralph Johnson voted to take the election question to court when it was discovered that Harry L. Leavitt, unintentionally cut an illegal ballot in the general election. Carpenters won't be in the election by a one-vote margin, according to reports.

The polls at the fire station will be open from 7 a. m. to 7 p. m. The city clerk emphasized that anyone intending to vote who discovers that his name is not on the registration books should contact him or the city attorney.

HERALD CLASSIFIED CLEARS MYSTERY OF PETE, THE PARAKEET

The mystery of Pete, the parakeet, was cleared this week when he is now back in the home of his owner, Mrs. Frank Morris.

Machievous Pete got ideas of roaming several weeks ago and flew out of the door of his home, located about a block from the Bridge Cafe. A local aid discovery was the key to his recovery.

COTILLION CLUB PLANS MASQUERADE BALL

The Cotillion Dance Membership Club announces a Halloween masquerade dance from 10 p. m. to 2 a. m. Saturday night, October 27, at the Municipal Country Club.

Organization officers announced that prizes will be awarded to the man and woman wearing the best costume. A West Palm Beach orchestra will furnish the music.

PAR-TEE LINE

Country Club of the Everglades

The Community Youth Center program open to ninth through twelfth graders, is scheduled tonight from immediately after the football game October 12 midnight, according to Pro Joe Ziemann.

Regular hours for the program are from 8 to 11 p. m. except on football nights and special occasions, Ziemann said.

The Community Youth Center will sponsor the music tonight.

Local women golfers were rough on Lake Worth linkers in the County Women's golf league play Monday at the Lake Worth Country Club.

Results were: Mrs. Lynn Myers (LW) 1 point vs. Mrs. Billy Weeks 1; Mrs. Cecil Pults (LW) 2 vs. Mrs. O. G. McWhorter 1; best ball BG 14.

Mrs. Harold Riggins (LW) 3 vs. Mrs. E. M. Van Landingham 3; Mrs. Vic Bus (LW) 1 vs. Mrs. Bonnie Weeks 2; best ball LW 11; BG 12.

Mrs. Caspar Van Landingham 3 vs. Mrs. Lynn Myers (LW) 1 point vs. Mrs. Billy Weeks 1; Mrs. Cecil Pults (LW) 2 vs. Mrs. O. G. McWhorter 1; best ball BG 14.

Mrs. Harold Riggins (LW) 3 vs. Mrs. E. M. Van Landingham 3; Mrs. Vic Bus (LW) 1 vs. Mrs. Bonnie Weeks 2; best ball LW 11; BG 12.

Mrs. Caspar Van Landingham 3 vs. Mrs. Lynn Myers (LW) 1 point vs. Mrs. Billy Weeks 1; Mrs. Cecil Pults (LW) 2 vs. Mrs. O. G. McWhorter 1; best ball BG 14.

Mrs. Harold Riggins (LW) 3 vs. Mrs. E. M. Van Landingham 3; Mrs. Vic Bus (LW) 1 vs. Mrs. Bonnie Weeks 2; best ball LW 11; BG 12.

Social Happenings

Friends of Mrs. J. D. Sloan will be sorry to learn she is a patient at the Belle Glade Memorial Hospital.

Among the local alumni who attended the Miami-Perdu game in Miami last Friday night, were Dr. and Mrs. Victor Green and Mr. and Mrs. Emil Wolf.

Dr. and Mrs. Thomas P. Baker and Dr. and Mrs. L. S. Jones attended the Florida State Chiropractic Annual Convention, held at the Princess Isabella Hotel, Daytona Beach, October 11-13th.

Mrs. Helen M. Hostetter of Rowlesburg, West Virginia has joined the nursing staff of the local hospital. She is a graduate of the Union Protestant Hospital, Clarksburg, W. Va.

Mr. and Mrs. C. S. Clemons who have been spending their vacation in Clarksburg, W. Va. will return this weekend. He is an engineer on the staff of W. S. W. N.

Mrs. Herbert Chapman and daughters Jill and Margie are spending a few days in Tampa. Mrs. Clarence Kidder has returned to her home following a brief illness which confined her to the local hospital.

Mr. and Mrs. Charles Doll and baby daughter Linda Louise of Jacksonville, are visiting Mr. and Mrs. J. I. Freedlund.

Among the recent visitors at the Experiment Station were Dr. and Mrs. Victor Guzman and their son, Dr. Guzman is a professor of horticulture at the University of Peru, Lima, Peru. At present he is on leave from his duties at the university and has been visiting in Louisiana. He has done graduate work in this country having received his Master's de-

gree from the University of Florida and his Doctorate at Cornell.

Mr. and Mrs. Grant E. Averill, daughters Margo and Jodie visited with Mrs. Averill's parents Mr. and Mrs. Charles Seibrock in Jupiter, last Sunday.

Mr. and Mrs. C. A. Russ had as their house guests last weekend, their son and family Mr. and Mrs. C. M. Russ of Okla-chokee.

Mrs. M. O. Smith and daughter Cynthia who have been visiting their cousin Mrs. N. D. Lloyd have returned to their home in Birmingham, Alabama.

Friends of Mrs. R. J. Mackey will be glad to know she is convalescing at her home following an operation at the local hospital.

Mrs. Frances Kirchman and Mrs. Carolyn White, members of the local Y. P. W. Auxiliary visited Mrs. Jeanette Pope of Canal Point, recently. Mrs. Pope has been a patient in the Pahokee hospital. She is the daughter of Mrs. Annie Clayton, one of the past presidents of the Auxiliary.

Mrs. J. H. Chambliss, daughter Janice and Mrs. A. Robinson visited Mrs. Robinson, a student at Daytona Southern College, who is attending Stetson, the group drove to Daytona Beach for the weekend.

SUSAN ZUMPF HAS SIXTH BIRTHDAY PARTY

Miss Susan Zumpf was honored on her sixth birthday last Tuesday afternoon with a party given by her mother Mrs. A. H. Zumpf. Gifts were received by the young honoree and games played by those in attendance.

Cake and ice cream were served to Margo Averill, Robyn Davis, Jimmy Johnson, Kenneth and Frances Royall, Sherry DuPont, Ronnie Brookler, Richard Chappell, Yvonne and Patricia Hodges, Yvonne Lockmiller and Kay Williams.

REBEKAH LODGE MAKES PLANS FOR RUMMAGE SALE

Belle Rebekah Lodge, No. 21 met on Tuesday night at Benevolent Hall with Mrs. Madeline Corbin presiding over the business session.

Guests of the evening were Mrs. Mae Kernan past District Deputy and her husband Harold Kernan of West Palm Beach.

Plans were completed, for the rummage sale to be held by the Lodge on Saturday, October 27th at Hendry Grocery Store, Ave. A.

After the dismissal of the Lodge delicious refreshments were served to the members by Mrs. Gene Womack and Mrs. Lorraine McTaggart.

HOWELL REUNION IS HELD AT WARREN HOME

"Howell Reunion" was held at the home of Mrs. and Mr. Lonnie J. Warren, Wedgewood Rd., Sunday October 14th. A lunch luncheon was served at noon.

In attendance at the day's festivities were Mr. F. H. Howell of Jacksonville, and Mrs. A. Q. Howell and son,

Moyle, Canal Point; Mrs. Coleman Hall, Labelle; Mrs. Ivan Hall and children Beth and Harry, South Bay; Mr. and Mrs. Dillon Hall, Clewiston; Mr. and Mrs. Frances Hall and son Stanley, Clewiston; Mr. and Mrs. Everett Hall and sons Lewis and Edwin, Clewiston; Mr. and Mrs. Floyd Reynolds and daughters Fran and Deby, Bar-cow; Mr. and Mrs. Thomas Tynan and daughter Carolyn and Cynthia, Inokalee; Mr. and Mrs. Jack Warren, South Bay; Mr. Carroll Warren and daughters Gwen, South Bay; Mrs. Della Altman, Belle Glade; Mr. and Mrs. Milton Gliese and sons David and Herbie, Belle Glade; Mr. and Mrs. Lonnie J. Warren and children Leon, Velman and Laura Beth, Belle Glade.

Mr. F. H. Howen of Jacksonville is visiting his sister Mrs. Della Altman of Belle Glade for a few days and his brother A. Q. Howell, Canal Point before going on to Hollywood to visit his soft Wilber Howell and family.

MAXINE KRAMER HONORED AT STORK SHOWER

Mrs. Maxine Kramer (the former Maxine Schug) was honored with a surprise stork shower at the home of Mrs. W. W. Cato recently. Serving with Mrs. Cato as co-hostesses were Mrs. Dorothy Carnes, Mrs. Jessie Bergman.

Mrs. Cato used Hibiscus for decorations. Each guest was invited a rosebud favor. The presents were presented to the honoree in baby baskets. Games were played with Mrs. Albert Kruse, Mrs. Bill Evans and Mrs. Irving Zumpf being judged the winners.

Mrs. Kramer will leave at the end of the month for California where her husband is stationed with the Air Force.

PRESBYTERIAN CIRCLES HOLD FIRST OCT. MEETS

The women of the Presbyterian church held their first circle meetings of the month recently.

Circle No. One met at the home of Mrs. David Motes. The program in charge of Mrs. L. O. Price had as its subject "Church Extension," Mrs. Ed. Browning gave the bible study for the "Sixth Commandment." Refreshments were served by the hostesses.

Mrs. Harry Smith was hostess to members of Circle No. Two. She was in charge of the program and Mrs. Robert Roadman gave the bible study. Topics for the program and bible study were the same in both circles. At the conclusion of the study period refreshments were served by Mrs. Smith.

A general meeting of the women of the Presbyterian church will be held at the home of Mrs. Ralph Pipes on Tuesday evening, October 17th at eight o'clock. All women of the church are cordially invited to attend.

BPS SORORITY STUDIES HAPPINESS THROUGH CONTROL

The Beta Xi Chapter of Beta Sigma Phi met at the home of Mrs. Tom Chappell on Thursday evening, October 11th.

The program "Happiness Through Control" was presented by Mrs. Clyde Parrish and Mrs. J. E. Jones.

Plans were discussed for the project of the Sorority for the coming year and for the backwards party which was given for the rushees last night at the home of Mrs. W. A. Wooten.

The local chapter will sponsor the ice cream booth at the annual P. T. A. Halloween carnival.

At the conclusion of the meeting refreshments were served by the hostesses, Mrs. Clyde Clayton and Mrs. Tom Chappell.

WCS HOLDS MONTHLY MEETING WED. AFTERNOON

The W. S. C. S. of the Community Methodist Church met at the church, Wednesday afternoon, October 10th for its regular monthly meeting. Mrs. Edith Van Landingham presided over the business session.

Schoenfeld, Mrs. S. K. Smith Jr., Mrs. E. M. Van Landingham, Mrs. C. A. Thompson and Mrs. D. R. Kemper.

MRS. PAYNE, MRS. MORRIS GIVE BRIDGE PARTY

Mrs. Howard Payne and Mrs. Morris were co-hostesses at a bridge party, for members of their bridge club last Tuesday afternoon, at the former's home. Refreshments were served by the hostesses.

In attendance were Mrs. Howard Payne, Mrs. Mike Morris, Mrs. George Wedgworth, Mrs. Jack Whitlock and Mrs. James Creek of Belle Glade. Guests for the afternoon included Mrs. Charles Doll, Jacksonville; Mrs. Joyce Green, West Palm Beach and Mrs. Ben-ny Richmond, Belle Glade.

ST. PHILIP'S ALTER SOC. SENDS OVERSEAS BOXES

A meeting of the St. Philip's Altar Society was held recently with Mrs. Carl Lockmiller presiding.

It was announced that the Altar Society has sent three boxes to Jamaica and three to overseas.

There will be catechism classes at St. Philip's Catholic Church, tomorrow morning at 9:30 am.

VFW AUXILIARY VISITS PRATT GENERAL HOSPITAL

V. F. W. Auxiliary members visited Pratt General Hospital in Caymans last Sunday afternoon. Utility bags were filled with the members and filled with toilet articles, writing materials, cigarettes etc. were distributed to the patients.

Carolyn Clara Kirkland, Mrs. Frances Kinston, Mrs. Lucille McCormick spent over two hours visiting the veterans, many of whom had been in Belle Glade in the past. They expressed extreme interest in local news. Names and addresses of the men visited were taken and cards will be sent to their families by the auxiliary secretary.

ST. PHILIP'S SOCIETY TO SPONSOR SUPPER

Plans have been completed for the spaghetti supper being sponsored by the St. Philip's Altar Society next Thursday night at the American Legion Hall. Tickets may be obtained from any member of the Society and serving will begin at six o'clock.

Following are the committee chairmen: Mrs. Ernest Amedee, meat; Mrs. Dick Johnson, spaghetti; Mrs. Charles Henry, bread; Mrs. Bob Cameron, salad; Mrs. R. E. Hotard, pie; Mrs. Bob Cameron and Tom Chappell, coffee; Mrs. August Kirchman, tables; Mrs. Imogene Fontaine, tickets; Joe Ziemann, drinks; Ernest Amedee, J. N. Paff and Charles Fontaine, serving; Mrs. Rose Manna, silver; Joe Murphy, clean-up.

MRS. FREEDLUND HONORS DAUGHTER AT PARTY

Mrs. J. I. Freedlund entertained with a coca cola party on Tuesday morning in honor of her daughter Mrs. Charles Doll of Jacksonville. Center of attraction was Mrs. Doll's young daughter Linda Louise.

Refreshments were served by the hostess from a beautifully appointed table. Guests invited

included Mrs. E. M. Lively, Mrs. Walter Hooker, Mrs. Hugh Bratley, Mrs. J. A. Pike, Mrs. L. I. Price, Mrs. Doyal Timmons, Mrs. George Royal, Mrs. C. A. Thompson, Mrs. R. V. Allison, Mrs. James Ball, Mrs. G. R. Townsend, Mrs. C. A. Bailey, Mrs. Ralph Freeman, Mrs. Luther Jones, Mrs. John McKenzie, Mrs. Harrison Raoul, Mrs. Roy Bair, Mrs. W. C. Bamford, Mrs. Roscoe Broad-gock, Mrs. Thomas Bregger, Mrs. George Boydston, Mrs. F. Hopson, Mrs. William Young, Mrs. J. R. Faulk, Mrs. Frank Hobson, Mrs. H. O. Carlton, Mrs. Ralph Kidder, Mrs. Laurence Will, Mrs. S. P. Parson, Mrs. Frank Dooley, Mrs. Clarence Kidder, Mrs. E. M. Van Landingham, Mrs. H. C. Van Landingham, Mrs. Guy Wood, Mrs. Robert Creech Jr., Mrs. Lee Berryhill, Mrs. Sidney Smith Jr., Mrs. Joe Tom Boy-ton, Mrs. George Wedgworth, Mrs. Harold McKee, Mrs. William Thiebaut, Mrs. Barnes Creech, Mrs. Spence Whitlock, Mrs. Harold Zumpf, Mrs. J. E. Joiner, Mrs. John Hooker, Mrs. August Kirchman, Mrs. Earl Lindros, Mrs. Howard Payne, Mrs. Walter Granger, Mrs. Sidney Wright, Mrs. Ralph Pipes and Mrs. Russell Green and Mrs. Robert Burns of West Palm Beach.

FALL REGISTRATION AT U OF F REACHES 8,941

Final enrollment figures reached 8,941 for the 1951-52 fall semester at the University of Florida, according to Presi-

dent J. Hillis Miller. Of this total, 2,090 are women students. Freshmen totaled 1,765, including 561 women. In revealing the total figure, Dr. Miller said the University would have enrolled more women students had there been housing facilities for them. He pointed out that the present figure compared favorably with last year's total of 10,039 despite the fact that educational circles generally had predicted a large drop in enrollment.

It is only fair that we share in some way our good fortune by pledging our support to Freedom and Democracy throughout the world. Support the 1951 CRUSADE FOR FREEDOM.

Palm Beach Art League Announces Year Program

The Palm Beach Art League's program of activities for the 1951-52 season has been announced, and copies of the folder listing these events will be mailed to members this week. It was announced by Willis F. Woods, director of the Norton Gallery and School of Art. The many programs planned by the Art League represent a further expansion of its activities, through the addition of more special exhibitions, films, and Studio Nights.

The special exhibitions to be shown in galleries 8 and 9 include: October 10-31, Master

Prints from the Rosenwald Collection; November 21-December 9, Contemporary American Painting; December 14-January 6, Tradition and Experiment in Modern Sculpture; January 11-February 3, Sea and Shore; January 13-February 3, Pictures by Children; February 8-March 2, The Motif in Painting; March 7-30, 34th Annual Palm Beach Art League Members' Exhibition; April 3-20, Norton Student Annual; April 29-May 4, Children's Annual; May 1-14, 99 Print Club Exhibition. As an extra feature a group of small, informal exhibits is planned in the Dean's office: November 8-December 2, Leading Photographers;

Cartier-Bresson; December 7-30, Five Oils by Walt Kuhn; December 11-January 26, Works of Mitchell Jamison; January 27-February 17, John Marin; Milestones and Masterpieces in Water Color.

The film series, which will include films of general interest, dramatic films, and special art films, is as follows: November 16, Peru's Coastal Region and Easter Island; November 30, La Salle; December 28, Tall Tales, Hymn of the Nations, and To Hear the Banjo Play; January 4, The Tramp, A Woman, The Bank, and Police (Charlie Chaplin); February 1, The Informers; February 22, Forgotten Village; March 3, Chartres Cathedral and French Tapestry; March 10, American March; March 10, Children Kane; April 4, Patzcuaro, Monuments of Ancient Mexico, and Large Pottery of San Bartolo Coyoteco.

Four concerts scheduled during the season are: December 4, Catherine Lill, creative dancer; January 9, Carey Sparks, tenor; February 27, Fine Arts Quartet, string quartet; April 7, Norton Gallery Glee Club.

In addition, plans have been made for a series of informal lectures and gallery talks, Mr. Woods said.

The Studio Nights, which have been popular with the artist members, will be continued throughout the season. These are informal meetings for those who wish to sketch or paint, and a costume or portrait model is provided at each of these gatherings.

The Norton Gallery has in ten years achieved a real place in the community. The heart of the institution is the permanent collection of paintings, sculpture, and Chinese art, and free tours of these collections are available to educational and social groups upon appointment. Through such tours, the art school, and the special exhibition program, it is expected that the use and understanding of these works of art will be encouraged.

Everyone is welcome, although members of the Palm Beach Art League receive certain special privileges such as free admission to all concerts, lectures, and films and invitations to all receptions, teas, and openings of special exhibitions. A monthly Calendar of Events published November to May will also be sent to all members. Anyone interested in becoming a member of the League may obtain membership information by calling the Gallery office.

Committee chairmen active in presenting this year's program include Mrs. Albert C. Fordham, Music; William R. Johnson, Exhibition; and Al R. Nielsen, Lecture.

Publicity Short Course Scheduled At U-Of-F

Leading national and state figures in the fields of radio, television and journalism will gather in Gainesville October 25-27 to speak at a short course in publicity and public relations.

The course, sponsored jointly by the General Extension Division of Florida and the Florida Publicity and Public Relations Association, will be held on the University of Florida campus.

News and special feature writing, photography techniques, advertising, radio script preparation, and television will be subjects covered at the three-day sessions.

Among the key figures who will speak to course students is Lloyd D. Mitchell, Los Angeles, California, who will tell the story of the California Centennial Celebration, for which he was chairman. William Martin, advertising director of Look magazine, and A. E. Schneider, advertising director of NBC, New York, will be other out-of-state speakers.

Registration will begin Wednesday, October 24, at 8:00 p.m. The final conference session will be held at 12:00 noon Saturday, October 27.

The program feature will be a panel discussion of Florida public relations, past and present. Past presidents of the FPPRA will make up the panel. John W. Dillin, president during 1948-49, will act as moderator. Others who will appear on the panel are: Walton Martin, Ray Billings, Milton E. Bacon, Frank S. Wright, Russell Kay, Harry Hall, W. F. Rollison, and William M. Wells.

Instructors for the course will be furnished by the Departments of Speech and Journalism of the University's College of Arts and Science.

OPS Office Extends Slaughterers Exemptions

In a move designed to help slaughterers who are conscientiously abiding by slaughter regulations, the Office of

Price Stabilization extended until November 4, the exemption from complying with live cattle ceiling prices for slaughterers who, in the absence of livestock slaughter quotas, are unable to obtain at ceiling prices at least 50 percent of their normal share of cattle.

This announcement was made by Sam F. Davis, OPS district director.

The exemption permit's slaughterers who have difficulty in obtaining cattle at ceiling prices to offer higher prices so long as their purchases within the accounting period are no more than 50 percent of the slaughter in the corresponding period of 1950.

If slaughterers are able to obtain more than 50, but less than 75, percent of their 1950 slaughter, they must not exceed the permitted maximum by more than 1 percent during the accounting period. If they obtain 75 percent or more they must be in full compliance with the live cattle ceiling price regulation.

These provisions do not apply to certain multiple plant companies.

The Office of Price Stabilization explained that slaughterers comply with live cattle ceilings by an accounting period, rather than a per cattle basis.

Marine Corps Offers Expanded Officers Training Program

Floridians who are college graduates have an opportunity to become Marine Corps officers under an expanded officer training program, according to Major J. J. Reardon, State Marine officer.

Major Reardon said graduates 20 to 27 years of age, including married men, are being sought to meet the expanding needs of the Marines and to fill vacancies caused by the release of reservists. The Marine Corps has openings for 1,000 officer candidates immediately.

The next officer candidate course will begin November 29 with a quota of 450. Applicants for this course must be received at Marine Corps Headquarters by November 1.

Applicants must be at least 20 years of age and not over 27 years of age, and must be in good physical condition. They must be graduates of four-year accredited colleges or universities and hold degrees in fields other than medicine, dentistry and theology.

Eligible college graduates desiring an application for this program are advised by Major Reardon to write immediately to the Marine Corps Recruiting Station, P. O. Box 27, Jacksonville, for a preliminary application blank.

Freedom's Friends

SEND \$10 TO
CARE—NEW YORK

WE AIM For Them TO PLEASE!

We are deeply interested in the satisfactory operation of every Ford Tractor now on farms in this community. We want them to be a "success in life"—that's the foundation of our business.

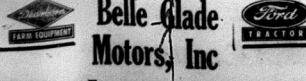

To insure their satisfactory service to their owners we maintain a good stock of genuine service parts and provide trained mechanics.

There are other ways, too, for us to become real "Partners in Production" with you. For example, we know how to adjust equipment for best operation. We'll be glad to make suggestions for field adjustments of your equipment so you can get best results.

We also want you to know that we are supplying new Ford Tractors and Dearborn Implements to customers as fast as they become available. And we often have good buys in good used equipment.

PARTNERS IN PRODUCTION

The whole our nation faces today makes food production more vital than ever. If there is any practical way we can help you to save a crop or produce more, call us at once. We want to be your Partner in Production.

"Defense is your job, too!"

SAYS DEFENSE MOBILIZATION DIRECTOR CHARLES E. WILSON

AFTER TWO WORLD WARS we have found that the best way to keep America safe is to keep America strong. For there are always those who stand ready to risk all-out war against us if we are unprepared.

That is why three and a half million Americans in our armed services are now engaged in building up the forces of freedom to defend you and all of the things you hold dear.

But defense is your job, too! And one of

the best ways to do your job is to buy U. S. Defense Bonds regularly. Why not start now, during the big Defense Bond Drive. For by buying bonds you help build the great economic strength that backs up our defense effort. And at the same time you're making the best investment in the world today. For Defense Bonds are as safe as America.

Remember, peace is for the strong; buy bonds for defense!

There is no safer investment in the world today... U. S. Defense Bonds!

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

Fire Prevention and Civil Defense Go Hand in Hand

Fire prevention is an important part of civil defense. If an enemy attacks this country, his bombs, whether they be atomic, high explosive, or incendiary, will cause more damage by fire than they will by blast. Hence, anything done to make it hard for fires to start is a step towards preparing your community to protect itself if war comes.

The majority of all fires start in trash piles, in old newspapers, rubbish, or stored odds and ends that accumulate around the house. Candles, stoves, and cellars are the main source of home fires, and plain ordinary good housekeeping is a strong line of defense against them.

Clean out your storage places. You will be surprised at how many burnable odds and ends are really useless to you. Don't let them make your home a fire hazard. Get rid of them. If local welfare agencies can't use them, call the junk man.

Don't stop when you've cleared out the inside of your house. Go after rubbish in your back yard, in alleys and in vacant lots near your house. Collect the rubbish and burn it. Don't leave it around to burn if an enemy bomber jumps by. Be sure to burn rubbish in metal containers.

Take a look at your electrical system. Buy new plugs and cords if yours are worn. Get advice from your electrician if your fuses blow frequently. They may be dangerously overloaded. His advice may prevent a bad fire.

Every winter costly fires are started by faulty furnaces, stoves, and other heating plants. Some result from too much soot in

elaborate on the possible route across Central Florida, it was supposed that the east-west leg would run from Daytona Beach to the Tampa Bay area. Road Department officials have in mind the beginnings of a vast road system which can be closely integrated with the present road network.

While McKethan emphasized that the project still is in the extremely early survey stage, he did not hide the fact and Governor Warren had held a recent conference on the project. He said Warren viewed the project with "considerable interest and enthusiasm."

NEGRO NEWS

East Lake School Pahokee

The Principal, Mr. S. M. Murrell returned during the past week end after having attended the Principal's Conference in Tallahassee, Florida.

The P. T. A. regular meeting was held Monday night, Oct. 15. The interest of the members shows some aim in accomplishing wonderful progress this year. When we all look at the immediate task before us, the ideal brotherhood of man seems remote, but along with other sources of aid to all responsibilities there seems to be a pursuit of peace and happiness. Each member has been asked to bring three new members on the next regular meeting date which is Nov. 5.

Membership is greater this year. At present the membership is fifty. We are happy to have new members join this organization. The following persons are Mrs. Wiggins, Mrs. Ernest Turner, Mrs. Walters, Mrs. Estelle Bennett, Mrs. A. Cook, Mrs. L. Freeman, Mrs. Alexander, Mrs. Beatrice Jackson, Mrs. Leola Wright, Mrs. Elizabeth Campbell, Mrs. Emma Brown, Clara Cooper, Mrs. M. L. Davis, Mrs. Beatrice Florioy, Mrs. Beatrice Butler.

member in the P. T. A. was elected as representative to the P. T. A. Council meeting Nov. 3 in Hallandale, Florida.

St. Johns First Baptist Church

Mrs. Estelle M. Cooney, Pastor

Rev. J. R. Adams, Pastor

Front line Sunday School

was opened at 9:30 a. m. Supt. of the lesson was, "Jacob Receives The Promise."

"Motto Text—Behold, I am with thee, and will keep thee whithersoever thou goest. The lesson was beautifully chate-

chised by pastor Adams.

11:00 a. m. Morning Worship was conducted by Dea. L. Miller. Prayer was offered by Dea. Rogers. Inspiring spiritual songs were congregational, con-

secrational hymn and scripture was by the pastor.

After this touching hymn the pastor delivered a wonderful message on this subject: Can Anything Separate Us From God's Grace.

At 2:30 p. m. the installation Services of Fallbrook Lodge 22 and 55 were held at the above named church auditorium.

At 3:30 p. m. the City Wide Missionary Society met in a joint session at the above named church, also Elder Holb and members of the Triumph Church of God, were the

marked with battle scars. Their birdy eyes were sad and wise. After many days of deadly adventure searching for worms and other turkey tid-bits in a jungle arena of dog-eat-dog.

Discover that park workers, water plant operators, sewage plant operators, industrial waste plant operators and sanitary engineers are notified of the forthcoming joint-con-

vention of the Florida Section of the American Water Works Association and the Florida Sewage and Industrial Waste Association which will be held at the Sheraton Plaza Hotel, Daytona Beach, October 28-31.

This is the 25th Anniversary Meeting of the Florida Section of the American Water Works Association and one of several meetings with the Florida Sewage and Industrial Waste Association.

Many nationally known speakers on water, sewage and industrial waste problems will participate in the program which begins on Monday morning, October 29. Special emphasis will be given on Monday morning to a panel discussion on corrosion and its prevention in water and sewage

treatment plants. Also scheduled for that morning's session are papers on the first year's operation of the Orlando Biofiltration Sewage Treatment Plant and another paper on the Sanitary Research Laboratory investigations of the University of Florida during the past four years.

Information will be brought up-to-date relative to material allocations in the Water and Sewage field by Harvey Howe, Director of the Water Resource Division of the National Production Authority, Washington, D. C. Other aspects of the program involve the flood control projects in Southeastern Florida, a discussion of the phosphate waste problem study,

citrus waste treatment methods and many other subjects of vital interest to individuals in the public health field.

TURKIES RETIRE TO STABLE HOME LIFE

Two wild turkey gobblers and one wild turkey hen

at Gold Head Branch State Park, 6 miles from Keystone Heights,

are weary of wild open spaces and have settled down to the conservation business of raising their families in the safety of civilized life, after wild-

erness knockdown and drag-out fights with foxes and wildcats.

Florida Game and Fresh Water Fish Commission recently turned nine turkey hens and two gobblers loose in the 1,331 acres of this state park to start a turkey flock here and help replenish Florida's disappearing wild life.

The nine hens and the two gobblers, cocky and gay, took to the woods and "jungle law" as naturally as a galling goes for water. But, alas, one by one the turkeys started to vanish mysteriously. The park rangers looked at fox and wildcat tracks, drops of blood and pieces of turkey feathers; and they shook their heads knowingly.

"The varmints are celebrating Thanksgiving dinner early!" Then, early one morning, two turkey hens and one turkey gobbler, the last of the original eleven, limped forlornly into the front yard of the Park Superintendent's house. Many of their tail feathers had disappeared or were gnawed off.

Wings, legs, necks were marked with battle scars. Their birdy eyes were sad and wise. After many days of deadly adventure searching for worms and other turkey tid-bits in a jungle arena of dog-eat-dog.

Too Late To Classify

Russell Kay

Something is happening to Florida. It is developing a streamlined figure it never had before and the old so-called "summer slump" seems to be a thing of the past.

Now that the summer of 1951 is about over we can take stock, count out changes so far, speak, and see where we stand. Thanks to the effective promotion of railroads, hotels, the State Chamber of Commerce, State Advertising Commission, travel agencies and bus and

air lines, we have just concluded the most successful summer from a tourist standpoint in the state's history.

While it may not have brought prosperity and increased business in all areas, in those favorably situated to attract tourist trade it has been amazingly successful.

Miami used to lie down and play dead during the summer months. I can recall when just about all establishments on the beach and a large number in the city proper would fold up all summer.

Enterprise, advertising and efforts have changed the picture. Now it is difficult to tell the difference between summer and winter in some resorts.

Another factor that has helped below their normal winter business.

ed the Miami situation has been the steady increase in the number of summer visitors from Cuba and South America. So many Latins have invaded Miami and Miami Beach that most hotels now require that clerks and staffs speak Spanish as well as English.

But this improved summer situation does not apply to the Miami area alone—it is reflected in many other sections. Attractions such as Silver Springs, Marineland, Cypress Gardens and others all report a record-smashing summer patronage this year.

The old belief that because Florida is located further South than any other state, it must necessarily be much hotter in summer is being dispelled, and reports of those who have visited this state in the summer are resulting in more and more folks coming to find out for themselves.

The Florida State Chamber of Commerce puts the approximate number of Florida summer visitors at 1,175,000. A number of travel agencies and observers at tourist attractions and resorts put this as a low figure.

Nassau, Havana and even Puerto Rico are benefiting by this steady increase in the number of tourists traveling, for many who visit Florida and learn of the low rates for short trips to offshore areas, take advantage of it and visit them as well.

Following up its survey of winter travel, the University of Miami has conducted a survey of summer tourists to find out where they came from, why they came and what their reactions are. Results of this survey will be available soon and should prove of genuine interest.

Bids For Air Terminal At International Airport Opened

Bids for a new airlines terminal building on the south side of International Airport will be opened by the County Commission in special session Monday, Oct. 15, according to board action at Monday's meeting.

County Engineer J. M. Boyd was authorized to advertise for bids with various dimensions for the temporary building, which he reported should have a minimum floor space of 400x100 feet. The building will probably be pre-bid steel, he said.

The old terminal building which he reported should have a minimum floor space of 400x100 feet. The building will probably be pre-bid steel, he said.

The old terminal building which he reported should have a minimum floor space of 400x100 feet. The building will probably be pre-bid steel, he said.

The old terminal building which he reported should have a minimum floor space of 400x100 feet. The building will probably be pre-bid steel, he said.

W. N. MARRON, COMMUNIST WANTED BY THE FBI

William Norman Marron, also known as Bill Norman, who was indicted by a Federal Grand Jury at New York, New York, on June 20, 1951, on a charge of conspiracy to advocate the violent overthrow of the government, is the subject of a nationwide manhunt by the Federal Bureau of Investigation. The FBI described Marron as Organizational Secretary of the New York State Communist Party. A description of Marron is as follows:

Age, 40, born November 10, 1901, at Ekstrinoflav, Russia; height, 5 feet 6 inches; weight, 162 pounds; build, medium; hair, black; eyes, blue; complexion, dark, heavy beard; race, white; nationality, American.

At the time of his disappearance he resided in Flushing, Long Island, New York. He became naturalized through his father in 1919, attended the New York City public schools and was at one time a professional basketball player, being known as "Wee Willie Marron."

Any person having information which may assist in locating William Norman Marron is requested to immediately notify the nearest FBI office.

FLORIDA SOUTHERN TO STUDY HUMAN BRAIN

An intensive research investigation on the effect of negative ionization on the activity of the human brain will be undertaken by Florida Southern College, Lakeland.

Dr. Ludd M. Spivey, president, announced today that the laboratory study will be carried out under a grant to the college by W. Wesley Hicks, president of the Westex Company, San Francisco, Cal.

Dr. Juliana Jordan, a graduate of the University of Munich who joined the Florida Southern faculty early this year, will be in charge of the scientific investigation under the supervision of Dr. Boris Sokoloff, famed cancer and Vitamin P from citrus researcher and director of the Bio-Research Laboratory at FSC.

The study will be based on the fact that atmospheric air contains positive and negative ions. Dr. Sokoloff said. When there is an increase in humidity, negative ions make up a

large majority of air ions.

"It has been established that negative ions have a beneficial effect on the human body," Dr. Sokoloff stated. "But no scientific investigation has ever been conducted on their effect on the nervous system."

For the brain research project, a special modern testing chamber, known as the T Model, has been constructed at the college's Bio-Research Laboratory.

Florida Southern presently is also doing research on cancer, Vitamin P from citrus wastes, its possible use against the damaging effects of atomic radiation, and various other studies on ionized air.

Oranges Fit Fall Party Moods

Florida oranges are just coming into market which means more highly refined fruit for juicing and using in all the ways America likes its favorite fruit. Oranges are the richest natural source of Vitamin C, needed by the body every day since it cannot be stored. Make sure the younger set gets its quota of Vitamin C in glasses of orange juice, decorated for Halloween or after.

Chocolate Orange Tarts

1 package prepared chocolate pudding
1 cup Florida orange juice
6 baked tart shells

Prepare pudding according to directions on package, using 1 cup milk and the Florida orange juice at the liquid. Remove from heat and add Florida orange rind. Cut orange sections into small pieces and arrange in baked tart shells. Cover with chocolate topping. Bake 10 minutes. YIELD: 6 tarts.

Top tarts with pastry cutouts. To make, roll pastry 1/4 inch thick. Make paper patterns of witches' hats, pumpkins, moons or cats; place pattern on pastry, cut around pattern with sharp knife. Bake cutouts on baking sheet in hot oven (450°F) about 10 minutes until browned.

VETERANS INFORMATION AND SERVICE

Special Non-Service-Connected Pension Allowance of \$120 per month for World War I and I veterans, as well as Korean veterans, has become law. This new law, Public Law 149, 82nd Congress, provides additional monthly pension payments to those veterans who can meet all the normal requirements for a Non-Service-Connected Pension and who, in addition, are rated as helpless or so blind as to require constant aid and attendance from another person. In other words, in determining this need the VA will consider inability of claimant to dress or undress himself, or to keep himself ordinarily clean and presentable; inability of the claimant to feed himself through loss of coordination of upper extremities or through extreme weakness; inability to attend to the wants of nature; or incapacity, physical or mental, of the claimant to protect himself from hazards or dangers incident to his daily environment. Total blindness, as well as bed-ridden, will be a proper base for the determination. The fact that claimant has voluntarily taken to bed or that a physician has prescribed rest in bed

OLD TIME CATTLEMEN TO BE HONORED AT CONV. IN CLEWISTON NOV. 14

Old Timers in the Florida cattle business will be given special recognition at the annual convention of the Florida State Cattlemen's Association which will open on Wednesday, November 14, at Clewiston, according to President Cushman Radebaugh of Orlando.

He promised to write a program

Some-where a Road is Call-ing

If the purr of a great-powered engine is music to your ears—

If command of two tons and more of nimble-footed and beautifully balanced automobile can step up your pulse beat—

You are just the man for whom a ROADMASTER was engineered.

Whatever it takes to give you a sense of complete and carefree freedom behind its wheel, you'll find in this proud master of the highways.

Added to the breadth and length that any fine car can give you are four soft-action coil springs to cushion the wheels, and a torque-tube to banish rear-wheel wander.

Added to its high-compression, valve-in-head engine are eight exclusive Fireball combustion chambers that get extra power from each whirling charge of fuel.

Added to the convenience of clutch-free driving is the torque-converter principle of Dynaflo Drive — that feeds a steady flow of power without lag or falter ever.

Added to the light responsiveness of

for the greater or lesser part of the day to promote convalescence or cure will not suffice. Claimant must remain in bed, and be so stated in physician's affidavit, or statement over his signature. However, facts in each individual case will determine entitlement.

The earliest effective date of this new \$120 monthly rate will be November 1, 1951.

It will be necessary for those veterans who believe they are qualified for the pension to file application for same.

A veteran now in receipt of Non-Service-Connected Pension and the official evidence of record contains sufficient medical findings to show that the veteran requires the regular aid and attendance of another person, a letter over the veteran's signature, or a letter signed by his accredited representative, expressing an intent to claim this specific benefit, will be acceptable as an informal claim.

However, when the evidence of record does not show that the veteran is so badly disabled as to require regular aid and attendance of another person, it will be necessary for him to submit, along with the formal claim, medical or other evidence to establish the need for regular aid and attendance of another person. A statement by a private physician, showing increased disability, may be accepted and payments awarded from the date of receipt, if after November 1, 1951.
